Palma: choose the town, then the A1 stop

This plan is for four adults with a suitcase each, staying near Plaça d'Espanya in Palma. You are at the airport bus stop, Aeroport – Arribades (547), by 13:05 on a weekday. All times are local.

1. Check that your hotel is in Palma. For Alcúdia or another resort, look up that town in TIB's airport bus network instead.

2. At Aeroport – Arribades (547), take A1 towards Passeig Mallorca. If you reach the stop at 13:05, the next scheduled weekday bus leaves at 13:15. This time comes from the timetable effective 9 November 2026.

3. Get off at pl. d'Espanya – Estació Intermodal (1078). Save the stop name on your phone. If you are changing to another bus or train here, check where it leaves from and at what time.

4. Follow your hotel's directions from the stop to its entrance. Staying elsewhere in Palma? Porta des Camp may mean a shorter walk to the eastern old town; for Jaume III, check the Passeig Mallorca stops. Choose the stop closest to your entrance rather than riding to the end of the line.

What the whole trip costs

A1 cash fare: one adult	€5
A1 cash fare: four adults	€20 in passenger tickets
Suitcase conditions	Check the bag allowance and any extra charge with EMT
Bank card: first passenger	€3, using EMT's advertised 40% discount
Companions on the same bank card	Discount available; ask EMT for your group's total
Onward ride	Pay separately; a cash single does not cover a second ride

If you reach the stop at 00:20

The weekday A1 timetable lists a bus at 00:35, followed by 00:55, 01:15, 02:15 and 03:10. For a Saturday, Sunday or public holiday, open the matching timetable and check its validity dates. Also check your onward connection and how to enter your hotel late. If either makes the bus impractical, compare a car to your hotel before leaving the airport.

Before you leave the airport

On EMT A1, validate when boarding. TIB uses different bank-card rules, including validation on leaving. A1 is for journeys to or from the airport, not short rides between its city stops. For winter Alcúdia travel, look for A33 rather than the summer A32.
