Your airport-to-island connection

1. Save both ends: SEZ → exact departure jetty; arrival jetty → hotel entrance. Cat Cocos uses Victoria; the Labriz resort boat departs from Bel Ombre.

2. Write down three times: baggage deadline, boarding time and boat departure. Cat Cocos requires checked bags to be registered one hour before departure and passengers present for boarding 30 minutes before; check your ticket for any newer instructions.

3. Work backwards: allow for the jetty walk and queue, road journey and leaving the airport.

4. Compare totals: road journey + boat tickets + luggage + final hotel transfer.

5. If delayed: ask the boat operator about a later sailing before changing your airport pickup.

A message for the road carrier

> We arrive at SEZ on flight [number] on [date]. Our boat is [operator, destination and departure time]. We must register our bags by [time] at [exact jetty name and map pin]. We have [passengers and bags]. Please confirm where and when to meet at the airport, and what we should do if our flight is delayed.

Sources checked 12 November 2026. Times must come from your own boat confirmation. We have checked the sources, not tested this connection in person.
