Your Taormina hotel plan

1. Mark the area: hill town, Mazzarò/Isola Bella or Giardini Naxos.

2. Save the stop: the one on your actual airport-bus ticket, plus the hotel entrance.

3. For four adults: the buses we checked for 14 November cost €28 in total; add the journey to your hotel and any extras.

4. During the cable-car closure: use the replacement timetable, not summer cable-car hours. The listed 21:17 last downhill bus does not connect with a 22:10 airport-bus arrival.

5. Keep a backup: if you will miss the last local bus, arrange a car to the hotel entrance and agree where to meet and what happens if you are late.

A message to send to your hotel

> We arrive at [named stop] at [scheduled time] on [date], with [people and bags]. Which entrance should we use? Can we reach it comfortably with luggage while the cable car is closed? If the walk would be difficult, where can a car drop us off? Please send a map pin for the guest entrance.

Sources checked 12 November 2026. The fare example is for 14 November; the replacement timetable applies from 9 November. Recheck both for your date. We have checked the sources, not travelled the connection ourselves.
